

Dear Jimmy - It looks
like you are getting some
more money back.

It was so nice seeing
you. Daddy is going to
take the tic tac toe from the
computer to the office. That is
really good.

Sunday night he got terrible
pains in his stomach and got
sick so bad to go to the hospital
and just come home today. He
had a kidney stone which passed
out. He had so many x-rays
taken and is in real good condition.
He had this happen once before in
Monroe, La. when you were a
baby. He is fine now and will go
back to work tomorrow. Mary &
Mike were here Sunday night
which was nice.

Please send me Dr. Davis's
address. Mary and I enjoyed

that evening so much
that I would like to
write a note to them. I
hope to find out how to
address it.

I went to get this down
to the post office so you can
get your refund and I'll send
you some money soon.

When I got home Friday
dad and I went in and
played in the Sea fair bridge
tournament and come in
second.

Jane,
Mom
